

Why must we sacrifice...

Community Colleges: \$400 million cut, fees increased more than 38%
 State Universities: \$500 million cut, 8% tuition increase
 University of California: \$500 million cut, 10% tuition increase
 K-12 schools: flat funding with rising needs
 Medi-CAL: \$1.7 billion cut * CalWORKS: \$1.5 billion cut
 Childcare and child development: \$750 million cut
 In home support services: \$486 million cut

...While the rich get richer?

**Tax the rich & their corporations.
 Provide for human needs.**

Why must we support war and devastation?

Wars kill . . .

thousands of U.S. Troops
many more thousands of people in occupied countries

And make profits for

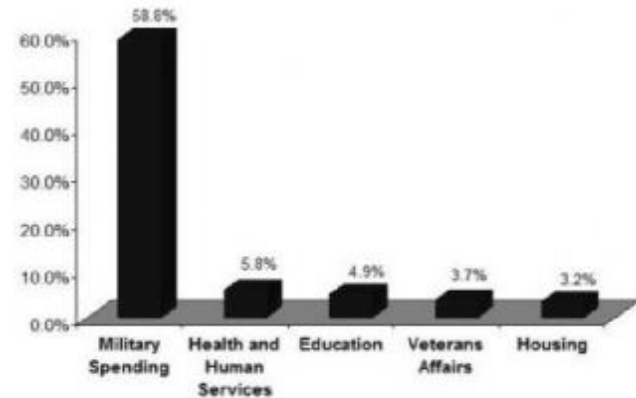

military contractors * the aerospace industry
The nuclear industry * Oil companies * banks

Workers pay

Oil rig explosions—workers killed in Louisiana and California
nuclear disasters—still counting the dead and sick in Japan
home foreclosures—price gouged former homeowners now homeless
understaffed hospitals—injured and murdered workers in Napa
